1 x Shipping label to **Lab4More** (Germany)

1 x Shipping bag

If you are missing any components, please call the Regenerus Laboratories customer service department on **+44 020 3750 0870** for assistance

## ③ PREPARATION

**Important:** Do not discontinue any medications or supplements without first consulting your healthcare practitioner

The samples must be shipped within 24 hours of the blood draw.

Schedule the blood draw between Monday and Wednesday, ensuring that the next day is not a UK bank holiday or weekend.

Samples must be received at Lab4More (Germany) between Monday and Thursday, with the last dispatch day being Wednesday. To ensure timely shipping, schedule the courier collection at least 24 hours in advance.

Samples collected and shipped outside of this timeframe may be considered too old and may be rejected.

Fasting is not required

## ④ COLLECTION

Please ensure you read and understand the preparation information prior to collection

1. Draw blood into the vial provided - EDTA lavender top vial. Minimum sample required - **5 ml** per vial.

2. Invert the vial 8 - 10 times after the completion of the draw.

DO NOT centrifuge

3. Place the provided label to the vial and ensure the **collection date** is clearly indicated. If vial labels are not provided write **patient's full name**, **date of birth** and **collection date** on the blood vial. Be sure that the information is legible. Ensure the name matches what was provided on the requisition form.

4. Store in refrigerator until ready to ship.

DO NOT freeze

5. **Complete** and **sign** the lab requisition form.

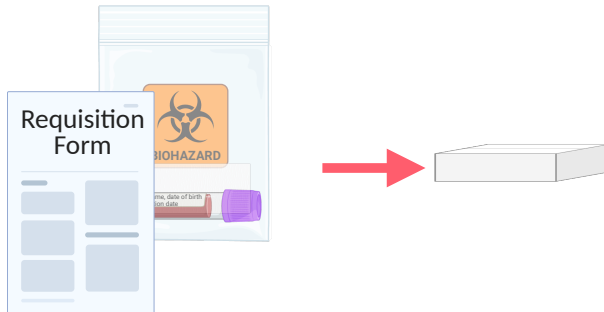

5

## PACKING

1. Place the labelled vial in the biohazard bag with absorbent material and seal.

2. Place the biohazard bag along with the completed requisition form in the return box.

3. Seal the box with the security seal. Place the box in the appropriate return bag and apply the pre-paid return shipping label to Lab4More (Germany).

The test cannot be performed without a properly filled requisition form

6

## SHIPPING

Please follow the instructions on the enclosed shipping document

For health & safety reasons, you **must** use all packaging enclosed and seal each bag correctly before returning your sample.

Lab4More reserves the right to dispose of any sample received which does not meet this criteria.

We **do not** receive samples on weekends or bank holidays. Please ensure that your samples are received by Lab4More between Monday and Thursday.

Failure to do so may require the test to be rejected and needing to be repeated.
